## Memories

Memories  
of the things we left behind  
It's now time to leave Barton  
to search, and see what we can find.  
Memories . . .  
of Barton High — it was the best.  
It's now time to move on out  
and put our learnings to the test.  
Memories . . .  
How I will miss them one and all.  
For the four years that I attended  
All friends, we had a ball.  
Those Sweet Memories!!!

#### TIME

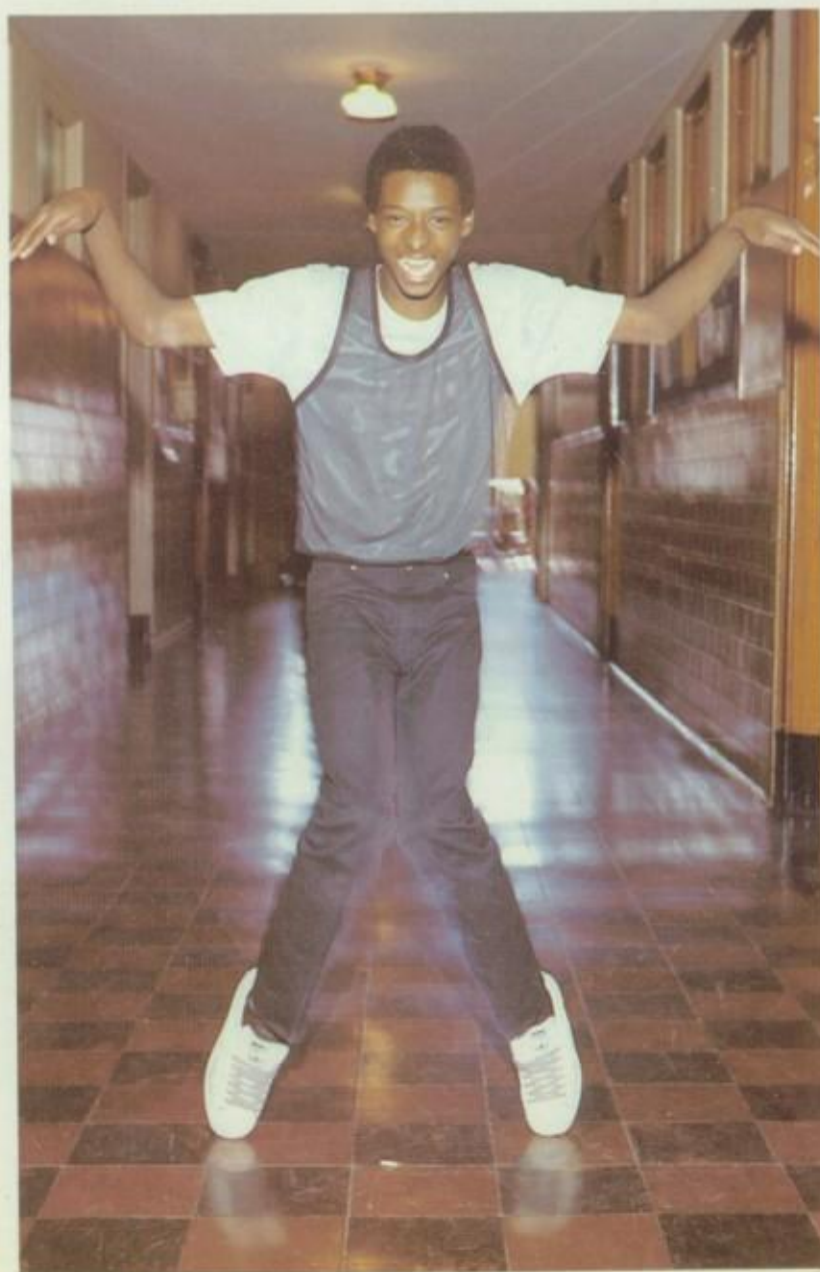

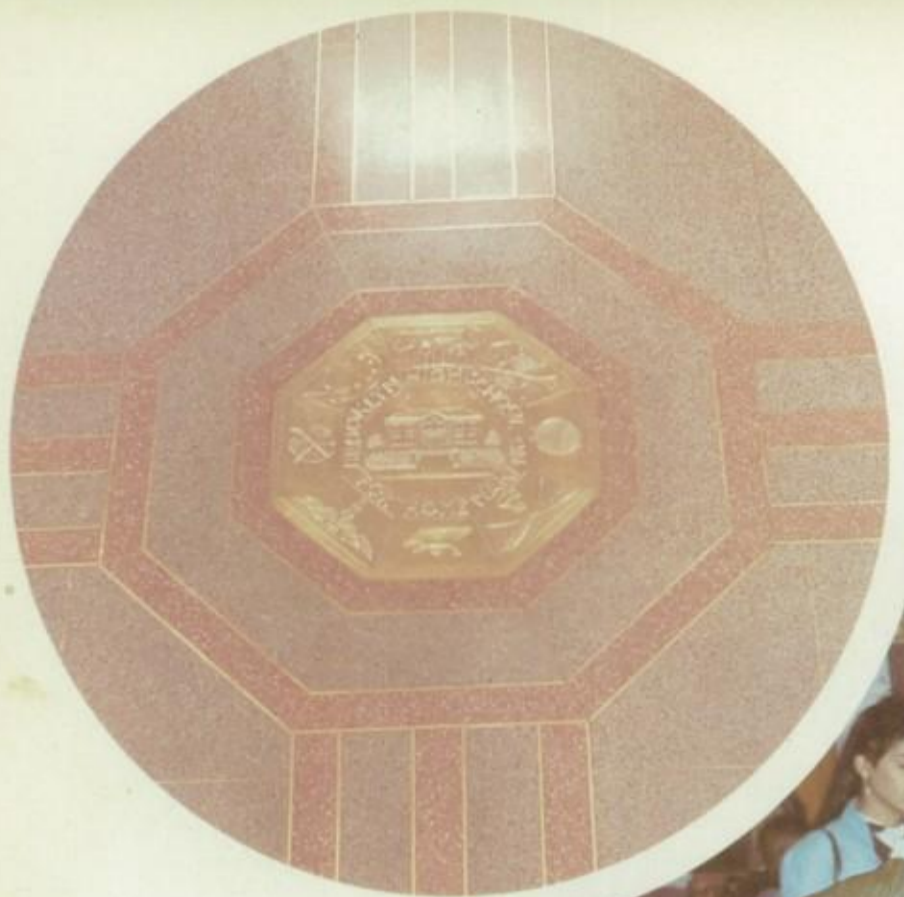

Time is too slow for those who wait,  
too swift for those who fear,  
too long for those who grieve,  
too short for those who rejoice,  
But for those who love, time is  
Eternity.

# LOVE

The first fluttering of its silken wings  
 The first rising sound and breath  
 of that wind —  
 Which is so soon to sweep through the soul  
 Of all earthly music, that which reaches  
 farthest into heaven is the beating of  
 a truly loving heart.

### Farewell Class of '84

The time has come  
to say good-bye  
With hope in our hearts  
and tears in our eyes.

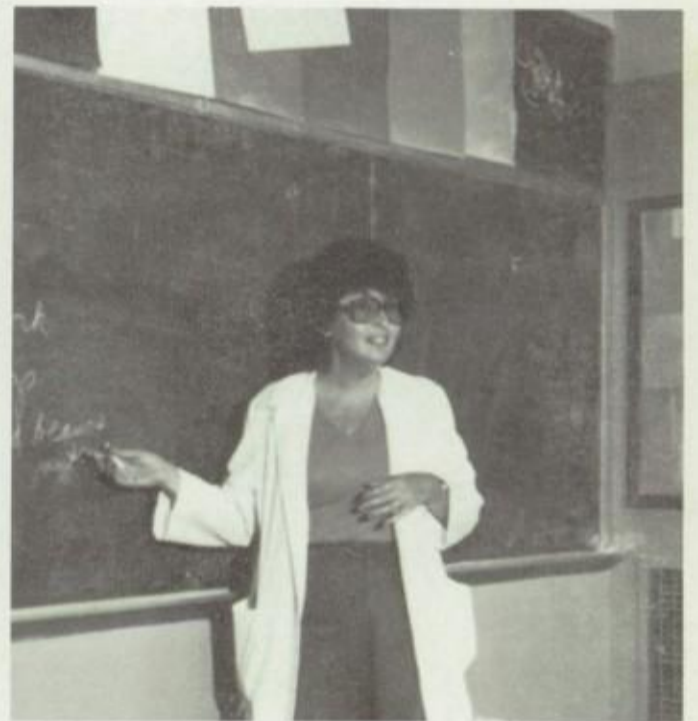

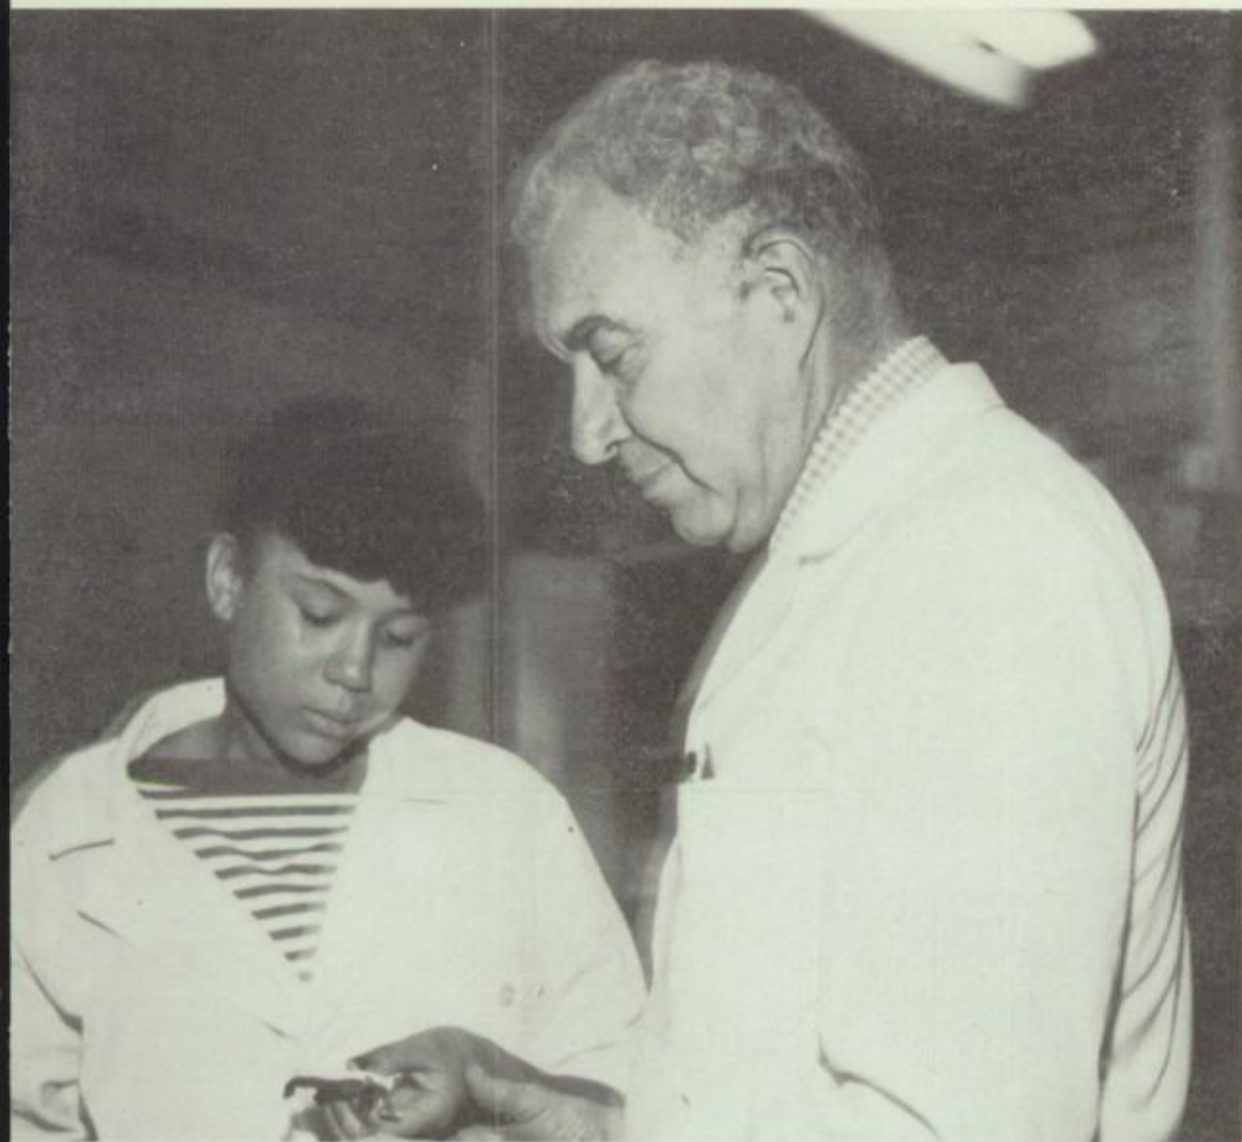

Remembering the times  
both good and bad  
Remembering the hopes  
and the dreams we had.

Together we achieved  
our ultimate goal  
We grasped our dream  
and our ring of gold.

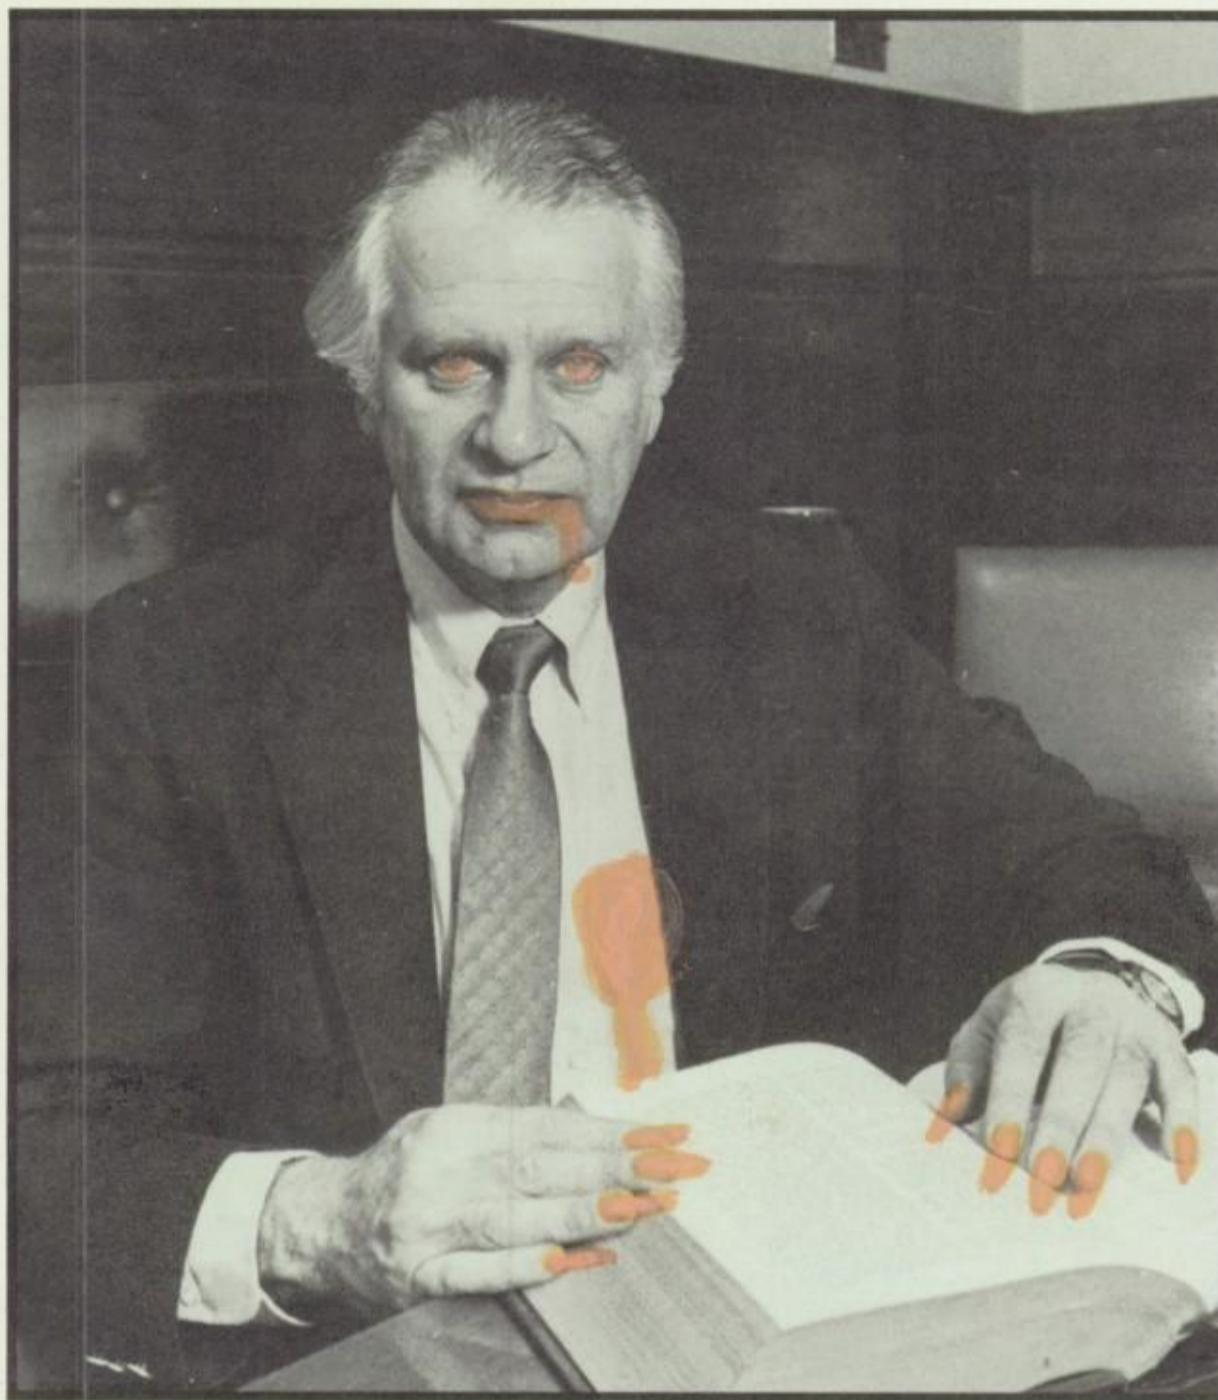

Together we stand  
Forever more

## Dr. Shephard Hack — Principal

Dear Graduates:

We expect great things from you. In your years at Barton you've improved yourselves in many ways. Now you are armed with a quality education and those special personal qualities which make you unique. Your family and friends have helped a lot to develop your special qualities.

We at Barton hope you will remember us and hope your recollection of your Barton years will bring you much comfort and joy. We've all tried to provide you with a quality education and a sense of values and commitment.

The future holds much promise and potential. How do graduates plan for the best future possible? First, dream and aim high. The future at this point may seem dark and unsure. With enough energy and a lot of hard work, you'll light your own way to a promising future by attending college and perhaps a professional school. A satisfying family life and personal success are ahead.

### Dear Graduates:

On behalf of the PTA executive board, may I take this opportunity to congratulate the members of the graduating class of 1984. You have been thoroughly prepared to meet whatever challenge you wish to take on at this time. If you choose to attend college, Clara Barton has prepared you by giving you all of the necessary courses; if you choose to join the work force, you have been given the necessary skills with which to do so.

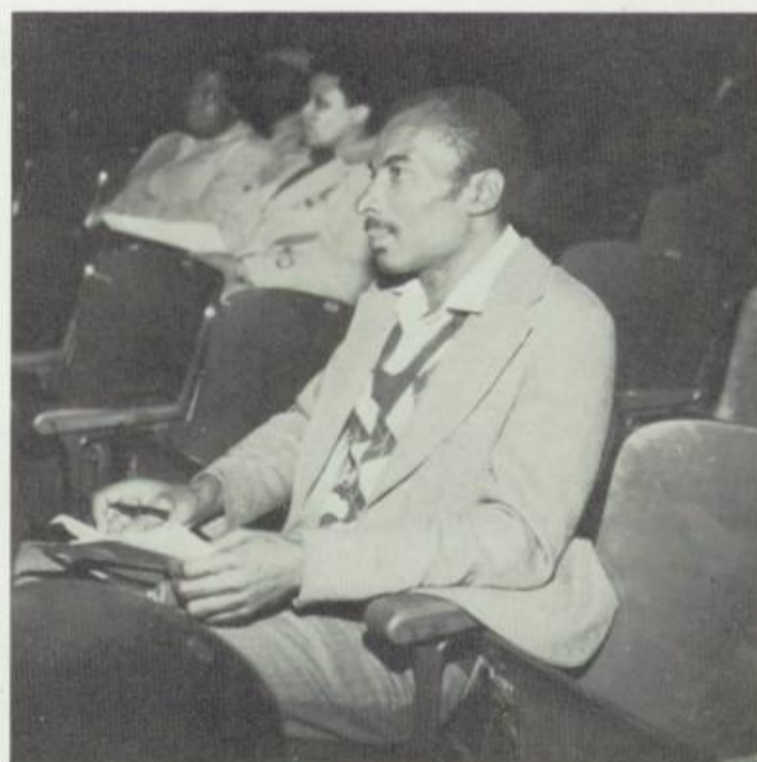

As the PTA president, I wish to let you know that I have enjoyed working with you over the past two years. As a parent, I am proud of your achievements as well as those of my own daughter who is a member of your graduating class. My wife, Mrs. Louise Hopkins, joins me and the other members of the PTA executive board in paying tribute to the members of this graduating class.

To Dr. Hack and his staff, may I say thank-you for working with us so diligently throughout the past two years. The support that we received from the Gospel Chorus, The Kabila Safi Dancers, and the Consultative Council was greatly appreciated as was the support of those of you who volunteered your support of our first PTA newsletter. The parents and students wish to offer everlasting gratitude to each of the teachers who contributed in any way towards sponsoring the numerous workshops as part of our PTA meetings this year as well as last year. In this regard, the entire PTA membership join me in paying tribute to the late Ms. Pamela Gayle who played such an active part in our financial aid and PSAT/SAT workshops last year.

May I also remind each of the members of the graduating class to register to vote and to become actively involved in the political process at your college or your community in the coming years.

Sincerely yours,  
Harold L. Hopkins  
PTA President

Our special thanks to Dr. Hack, Mr. Brown, Mrs. Lee, Mrs. Garcia, Ms. Pumelia, Ms. LoCurto, the Kabila Safi Dancers, the Gospel Chorus and the other staff members for their support in helping with the numerous activities of the PTA. Dr. Hack, Mrs. Garcia and Mrs. Lee were especially helpful with our PTA newsletter and recently our PTA dinner dance.

### WHAT IS GRADUATION?

Graduation is a milestone in life. It is an ending and a beginning. It is a stepping stone from the past with its hours of study and its marvelous moments of fun to a new and somewhat different life, filled with great challenges and responsibilities.

Graduation is a proud and wonderful time of life, a happy and unforgettable event, sprinkled with moments of deep contentment, satisfaction and high hopes for the future. Yes, graduation is an ending *and* a beginning.

Natalie Fraser 12-9

### CLIMBING THE LADDER OF SUCCESS

While climbing the ladder of success,  
Don't look down or you will drop.  
Keep on going until you reach the top.

It's been hard. It's going to be  
even harder. But keep on going  
farther and farther.

Do your best and forget the rest —  
and you will reach the top of that  
ladder — known as success.

Natalie Fraser 12-9

### I'M MOVING FORWARD

I move forward in the world  
I move forward wise and knowledgeable  
I move forward powerfully and boldly  
I move forward peacefully and calmly  
I move forward in the world  
WISELY, POWERFULLY, AND PEACEFULLY.

Kimberly Irby 12-3

### BYE

Bound for maturity  
Yet still young at heart,  
But still —  
Each one must depart.

# *The Beauty That Surrounds Us*

# Friends Forever

## Together Yet Alone

by Allison Henry

Glory is felt throughout; the seniors have won a four year battle. We finally made it; but as we step over the defeated victims in departing the Clara Barton battlefield, mixed emotions flash through our minds. We feel happiness and sorrow, satisfaction and remorse, and confidence and anxiety. We made it through high school together with our teachers, relatives, and friends. But we must fight the next battle alone — the battle of life.

We can be reassured, however, because we will succeed. Through the tears and laughs we learned: with unwelcome math theorems and Shakespearean sonnets drilled into our heads, we were made stronger. We can handle college and we will make it through life. Through the four years of high school, we gathered our ammunition for the inevitable life-long battle.

And now, at our separate stations, we belligerently throw up our caps as confident soldiers elevate their rifles before a glorious war. Sure, we say we will keep in touch as the war begins. Maybe we will, but chances are we won't. We will meet new comrades and need new friends, but old ones will matter in the memories of our hearts. "The force" is within us and thus, even though separated, the Clara Barton veterans will always be one!

Much time, effort, love and hair pulling have gone into this yearbook. I could not have done the job without the help of many caring individuals. I would like to acknowledge all of them here and now.

Sandra G. — Thanks for your effort and your Wrigley's!!

I would also like to thank Mr. Mark Murray for taking such lovely senior portraits, answering the phone whenever I called, and putting up with all of my requests.

This yearbook would also not have been possible without the help of Adam Annik who took candid shots whenever I asked him to, and Cheryl Pumelia, my sister, who did the illustrations.

I would like to express my deepest appreciation to all those seniors who helped make 1984 a great one for me!!!
